...sir

Father...

Sob Father...

It's the 15th noble in this month, isn't it?

whimper

It's been days, but the body is still bleeding.
Which means...

The blood will get on your clothes, lady.

Bad news for sorcerers.

Am I wrong?
Who else would dare to curse nobles?

Shh, unless you want to be killed,
don't say such things out loud in public.

Cough, cough.

Kyyack! Mlady!

No.. No!

Lady!

Not this way
Don't go near the swamp

A man-eating
siren lives in there.

찰박

Hmm

It looks like an ordinary forest to me. A siren really lives here?

We were scared for no reason, right?

Yeah.

...or not.
Let's go back, bro.

Sun is going down...

It was you who wanted to see the siren! Let's at least search a little.

Come on!

Ah, I just remembered

I read that most of the Sirens were exterminated and even if there are a few left, they'd hate humans.

Like what happened in Loa...

You do know how far Loa is from here, don't you?
It doesn't matter here, and Sirens are not a scary race to begin with... probably

Probably...?

U
Anyway, I've never heard of anyone being killed by a Siren

Why are you getting scared now?

Whether it's real or not, everything is scared of those with weapons

In the worst case, I will threaten it with a knife and run

So, trust m—

싹 악

M-what was that?

S... s-siren?

Or a bird

Ah, I just remembered

Shh.

Let's follow them.

Why?

I have a feeling that they know where the siren is.

We will watch them from a distance

You said you wanted to see a siren!

...

...huh?

What's wrong?

They are gone.

I was told that money is not an issue.

And it doesn't matter how short an it

I was told that you erase evidence and traces as well

So, I will also leave that up to you

So, this old woman is...

She looks like a human to me!

I heard she is a siren. False rumor, I assume.

Ah...!

There's a child here!?

A sea fish!?!

Nevermind her!

But it's only a child!

Nevermind..!, I said.

까득

까득

까득

까득

까득

Phew.

I was scared

Yeah, I can understand how the old woman can be like that, but the child...

I know we had to come here, but I don't want to come here next time.

Why are you here?

I thought you refused to see humans

퐁당

퐁당

A... echo!

You okay?

Yeah...

But bro, this is getting deeper...

Watch your steps

Strange. I swear it wasn't as deep as this when we got here

Are you sure this is the right way out?

Yeah, of course. We came straight in and we are going straight out

There is no reason we'd get lost.

What is it?

Wait. Over there...

A fish.. probably?

P-probably
